HOW OUR PROGRAMS WORK:

Your Human Services Counselor 44 Week Program you will spend your first 19 weeks in the classroom full time, then your next 25 weeks will be 2 days class, 3 days partnered with industry for real life hands on experience. This program will provide you with 1760 hours upon graduation towards writing your certification through Apprenticeship and Certification Branch.

Students will be required to have High School/GED equivalent, a clear vulnerable sector check, vaccinations, reliable transportation to school/ placement.

WHY CHOOSE EAST COAST TRADES COLLEGE?

Where else can you gain 19 weeks of real life hands on experience in the field you are studying? Your 19 weeks of hands on training is for most students a 19 week job interview. It provides you 19 weeks to build a repour with that business, show them that this is what you want to do, and that you have acquired the skills you need to be successful. There are so many different avenues that you can go with the training you will receive with East Coast Trades College.

WHAT TYPE OF WORK DO HUMAN SERVICE COUNSELLORS DO?

Human Services Counsellors (HSCs) provide a high standard of care to New Brunswick's children and families, adults living with disability and the aging population. These occupations are the essential backbone to a successful health, mental health and social support system. They work in partnership with other professionals to deliver person-centered care, so individuals can actively participate in their community, live safely in their own home or in a residential care setting.

Human Services Counselors are regularly employed in nursing homes, adult residential facilities, group homes, hospitals, community support agencies or with companies that provide in-home support.
