Hello, Learn On Parents, Guardians and Youth!

Our Updates:

This year, Kelsey MacNeil is the Academic Program Coordinator who will be overseeing the program. I look forward to having a great year with you and can't wait to meet you! You can contact Kelsey by emailing education@bgcfred.com or you can contact Lisa Shortall, Director of Operations with BGC by emailing lisa@bgcfred.com. This year, we have a wonderful team of tutors who will be providing their support to our program, please welcome Tim, Nathan and Shelby!

Our Learn On program (previously known as Raise the Grade) is back for the 2024 school year! This year, Learn On, although referred to by a different name, will continue providing all the same great support to youth in the community. This year, Learn On will run each Tuesday and Thursday evening, beginning at 5:45pm and ending each evening at 8:15pm.

Our Learning Environment

Learn On offers a quiet, safe, scent-free, and supportive environment for middle and high school aged youth (ages 13-21) to access free homework help and tutoring. Our on-site tutors are trained and knowledgeable in various academic subjects, and aim to meet youth learners where they are, and give them the confidence and support they need to be successful.

Our Program

Learn On strives to enhance academic opportunities for youth by providing attainable and free educational support without barriers. Youth will be provided with experiential learning opportunities throughout the year, focusing on social and emotional well-being, career/post-secondary goal setting, and course, direct academic support. Keep an eye throughout the year for further information on additional programs will be running for our youth.

Program Dates:

- December 12th & 14th – Open House
- Program will start back on January 9th, 2024
- Learn On will be closed on March Break.
- June 13th – Final Day Celebration!

Please note, when school is closed, Learn On is also closed!

Attendance, Arrival/Departure

Learn On attendants can arrive to the program after 5:45pm each Tuesday and Thursday evening. However, we recognize that not all youth are able to attend each session for the full duration of the program. If a youth is unable to attend a session, it is important that the Academic Program Coordinator is notified prior to the start of each session.

All youth are to be picked up no later than 8:15pm. For youth who are consistently picked up late, staff may re-assess pick up time for that youth.

Registration Process

All youth are required to register for the program in order to attend. Unfortunately, we cannot accommodate youth who drop-in without previous registration.

Please reach out to the Academic Program Coordinator for information on registration and how to get started.

Youth Expectations/Guidelines

Youth are expected to arrive to Learn On prepared, with any homework, projects or studying material they may need assistance with. While tutors will be on-site to provide support to youth, tutors will be supporting all youth attendees of the program. Therefore, youth may not always have one-one support throughout the entirety of the evening. Learn On staff will continuously seek ways to support the needs of our youth and the program throughout the year.

Winter months

Winter months can be challenging with school closures, power outages and poor weather. Learn On will not run on days when school has been cancelled, or on evenings of poor weather and deteriorating road conditions. Staff will always evaluate these circumstances with the safety of staff and attendees in mind.

For safety reasons, all youth will be required to bring a pair of indoor shoes. Regular safety drills will be practiced, so all youth will need to wear *dry* shoes for the duration of the program.

Cancellations

If Learn On must close for any reason, the Academic Program Coordinator will contact all attendees for the session via email. We will also do our best to update our Facebook page of any changes to programming. Please be sure to monitor your email or our Facebook page on days of potential closures.

Communication

Our Academic Program Coordinator will communicate with families and youth mainly through email. Therefore, we ask that you regularly monitor the email address you provided, and email education@bgcfred.com for any questions or concerns you may have. Please be aware that the Academic Program Coordinator is typically not in the BGC office during regular work hours, and therefore may not always be available by contacting the office. Guardians/Parents are reminded to please communicate any changes in contact information to the Academic Program Coordinator. We look forward to hearing from you!
