## S T E A M™

High School Student Career Exploration  
& Enrichment in the Ocean Sector

**S**cience  
**T**echnology  
**E**ngineering  
**A**rts  
**M**athematics

### Small Class Sizes

Each course will have no more than 12 students thereby providing an exceptional opportunity to interact with your instructor.

### Immersive Learning

Enjoy a jam-packed week, living and learning on the Huntsman campus, completing hands-on activities within your chosen Ocean S.T.E.A.M.™ specific course.

### Explore Career Options

The ocean economy is diverse and a career opportunity may be discovered through your Ocean S.T.E.A.M.™ course activities.

### Personal Development

Expand on a personal area of interest with instruction from a qualified professional within the specific course subject matter.
