

Engineering

UNB Faculty of Engineering

GO ENG GIRL

November 23 • Head Hall • 10am-3:30pm

For girls and non binary youth in grades 7-12

Discover the world of engineering at Go ENG Girl

Get hands-on engineering experience and explore different types of engineering! Meet inspiring role models and investigate what your future in engineering could look like!

Learn to solder and assemble adaptive toys for children with disabilities while connecting with fellow innovators. Dive into person-centered design, assistive technology, and make a real impact in your community!
