1) Call to Order: 6:33pm

- a) Andrea H moves to accept the agenda, Rob seconds. Motion carried.

2) APPROVAL OF MINUTES FROM PREVIOUS MEETING

- a) Andrea H moves to accept the minutes, Tyson seconds. Motion carried.

3) BUSINESS ARISING FROM THE MINUTES

- a) Following up on earlier conversations surrounding additional PD days, with the approval of the district, 4-6 schools in ASD-W are piloting a 1-2 day PD per month. Mr. Newlands provided a sample calendar that reflects an option. The day allows for collaborative PD sessions, and to communicate with parents. The days are not intended to be used to catch up on regular work. The pilot schools would be responsible to provide additional data that reflects the impacts to the school, and to individual staff. Mr. Newlands will get back to the PSSC if action from the PSSC is required.

4) NEW BUSINESS

- a) Mr. Newlands took time to review all data from a comprehensive student questionnaire. Questions touched a wide range of aspects of life of the students. In general, NHS's results reflected the provincial average.
- b) Parent teacher meetings went well. Attendance was lower than may have been expected, but the conferences that took place went well.
- c) Mr. Newlands still has a +/- 4 students who need to be placed in the exchange program for 2025.
- d) Regarding updates to the school plan, compliance to the school's cell phone policy is continuing to improve. Attendance is strong as well.
