Bachelor of Computer Science

Six unique majors.

BUILD YOUR FUTURE

**DALHOUSIE
UNIVERSITY**

A photograph of three students (two men and one woman) leaning over a large, illuminated digital table in a dark room. They are all pointing at the screen, which displays some graphical information. The scene is lit with a cool blue and purple light. In the top right corner, there are three yellow brushstroke-like lines.

Human-Computer Interaction

Every system needs a screen, but **great technology required psychology.**

Build the design skills that shape how humans interact with the future.

BUILD YOUR FUTURE

Cybersecurity

As the digital world grows, so do the **threats**. Learn to defend the systems we can't live without.

BUILD YOUR FUTURE

DALHOUSIE
UNIVERSITY

Artificial Intelligence

AI is rewriting every industry. Build the advanced skills to create, train, and deploy the technology that solves real-world challenges.

BUILD YOUR FUTURE

**DALHOUSIE
UNIVERSITY**

Algorithms & Scientific Computing

Data is everywhere. Develop the advanced logic used to tackle the world's biggest climate and scientific mysteries.

BUILD YOUR FUTURE

A woman with long brown hair, wearing a dark blue zip-up jacket, is smiling and working on a yellow robotic device. The device has the word "OCEAN" printed vertically on its side. She is using a red-handled screwdriver. The background is a workshop or laboratory with various tools, equipment, and a blue ladder.

Software Development

Basic coding is yesterday.

Build the system architecture that keeps global platforms from crashing.

BUILD YOUR FUTURE

**DALHOUSIE
UNIVERSITY**

A group of five students are sitting around a long table in a computer lab, working on laptops and looking at large monitors. They are smiling and appear to be collaborating on a project. The background shows a modern, well-lit space with large windows.

Digital Innovation

Tech changes fast. Develop the leadership and startup skills to turn disruption into breakthrough ideas.

BUILD YOUR FUTURE
